

# ROYAL HOUSE OF SEFWI OBENG-MIM

His Majesty Oheneba Nana Kwame Obeng II,  
King of Sefwi Obeng-Mim & Grand Master of the Royal Order of the Golden Fire Dog  
A Traditional Kingdom in the Western North Region of Ghana

## 2019 DEVELOPMENT REPORT

As a result, of hard work and service, our fundraising initiatives were a success in 2019. In fact, the Royal House has worked hard and has accomplished great things!

I, as King, am very grateful to everyone who aided and supported our initiatives. We will continue moving forward with our efforts in 2020.

Medaase

His Majesty  
Oheneba Nana Kwame Obeng II

## 2020 Royal House Projects

HM Oheneba Nana Kwame Obeng II, with the support of the Royal Council and the Supreme Council of the Royal Order of the Golden Fire Dog, has named the following 2020 Development Projects.

1. Second water project. \$ 3,000 (currently fundraising is underway.)
2. Public toilet for the village \$1,500.  
Note: the toilets for the male and female are already there. We need roofing to protect from the sun.
3. Simple teachers' house. \$5000.

Our overall fundraising goal is \$10,000 for 2020. As the soon to be published report will show, we raised about or more than \$10,000 in 2019 due to many generous supporters of the kingdom

## **Introduction to the Kingdom of Sefwi Obeng-Mim**

The Royal House of Sefwi Obeng-Mim is under the Paramount King of Sefwi Wiawso Traditional Kingdom, Nana Bumankama II (father of HM Oheneba Nana Kwame Obeng II). The kingdom goes back in history to ancient times of Ghana.

The kingdom covers an area of 2,695 square miles crossed by the Tano and Bia rivers. That is approximately the size of the states of Delaware and Rhode Island combined.

The total population at the last census was 572,020.

There are five major towns including the capital of Sefwi Wiawso, home of the King's Palace.

There are two colleges in the kingdom: Wiawso College of Education and Asafo Health Care College

English and Akan Twi are the languages.

Sefwi is the agricultural powerhouse of Ghana and the area is known for export of cocoa, cassava and other agricultural products.

It is also home to natural resources such as gold, bauxite and timber.

With cocoa farming as a main occupation of the people, Sefwi produces two thirds of Ghana's cocoa.

The Sefwi land is great for investment and development given that is blessed with almost all the natural resources of Ghana.

The Royal House of Sefwi Obeng-Mim has a natural forest reserve with all kinds of animal species and wonderful unique weather conditions. We are the perfect place to go on camera safari in West Africa. There are numerous tourism possibilities besides safaris including many ancestral sites and our famous Yam Festival (Alluolue), held in November. We have the Tree of God (Nyame Dua), the Ancestral Hole (which has healing powers and the Abombirim Sacred Tortoise Forest. We welcome you to visit our beautiful land and help us to develop the land, build schools and clinics, increase tourism and meet our friendly Sefwi people.

### **The Development Area**

Sefwi Obeng-Mim is composed of numerous farming communities in Juabeso District in the Western Region of the Republic of Ghana. The Obeng - Mim Stool lands have about 1,500 people, many who are subsistent cocoa farmers. The primary development area is located in the middle of the Krokosue Forest Reserve under Sefwi Wiawso Traditional area, one of the biggest forest reserves in Ghana. Due to the location of the community, it is difficult in accessing the basic developmental project from the central government, such as providing safe and clean potable water, as well as medical and educational development.
